

Infrastructure Analyst (Yaxley)

Monday to Friday, 08.00 – 17.00

Burgess Farms (Produce World Group Ltd) is a privately owned business which is customer and category focused. As one of the largest expert growers of high quality fresh vegetables in Europe, we are industry leading in sustainable and responsible agronomy, growing, and lean supply chain management.

We are currently seeking a motivated and hardworking individual to join our Central IT team. A brief overview of the role is as below.

Key Responsibilities

- Proactively monitor and manage all business systems for optimum efficiency
- Provide first, second and third line support on all agreed business systems
- Act as second and third line escalation point for all IT colleagues
- Take responsibility for systems as required, ensure implementation, support and training completed to the expected standards
- Support the automated system deployment for desktops, servers and the Citrix environment

Person Specification

- Expert in Microsoft Desktop and servers
- Detailed experience of virtualised server environment
- Knowledge of Microsoft SQL server and SQL reporting tools
- 3 years IT experience or A level qualification and 2 years working in IT
- Holds current driving license and has daily use of a vehicle

If you would like more information about the role and to apply, please email your CV to HRSS@produceworld.co.uk or call 01733 246654. Application closing date 11 January 2019.

Only those successful in being shortlisted for interview will be contacted.
